High intelligence at low cost.

smartbox integrates with your current network without complex rewiring, significantly reducing installation time and cost. Fully customizable programming simultaneously broadcasts to guest rooms, lobbies and fitness centers from a single platform. The fluid system is also easily expanded for future tech innovations.

- Up to 96 HD channels
- Combine HD and SD
- Customizable guides and private channels
- Simple installation in hours, not days
- Remote monitoring by off-site technicians
- Priced 50% below satellite competition
