remote features

easy to use

- simplified layout with only essential buttons
- backlit buttons for improved low-light use
- key buttons are raised for easy button navigation/location
- lightweight and slender for easy single-hand use
- turn on/off the TV and DISH receiver with one button
- stands on end for easy location

intelligent

- pre-loaded with DISH set-top box codes
- pre-loaded with LG TV codes
- programmable for most other TVs
- control volume on the TV and channel up/down on the DISH receiver

hygienic

- antimicrobial case—better than antibacterial
- easy-to-clean case

reliable

- highly durable construction
- hidden battery compartment—no more broken battery covers or lost/stolen batteries

cost-effective

- 20%–25% below competitor offerings
- minimal energy usage extends battery life
